UNEASINESS PREVAIL

The Storm Is About to Break Over Turkey.

ARMING OF THE MUSSULMANS.

The Strong Note of the Powers Again Evasively Answered by the Sultan—Attempt Made to Assassinate Mgr. Bartolomeos in Constantinople—Two Thousand Armenians Were Slaughtered at Egin.

CONSTANTINOPLE, Oct. 27.—The report that trouble of a serious nature is brewing here has so often been sent out that any fresh announcement to that effect is looked upon as having little or no foundation in fact. But, in spite of this, it is but right to state once more that everything points to further and very serious trouble preparing on all sides throughout the Turkish empire. The ball was set rolling on Wednesday last, when the sultan signed two irades which were issued the next day, levying a poll tax of five piastres per head on all Mussulmans and increasing the tax on sheep, public works and education by one to one and a half per cent, the funds so raised to be devoted to military purposes.

This causes the representatives of the powers to send a collective note to the porte couched in the strongest language, calling attention to the danger that the arming of the Mussulmans was sure to create and pointing out generally the critical situation of affairs in the Turkish empire. But large purchases of arms have already been made and the danger increases hourly.

The porte yesterday sent a reply to the collective note of the ambassadors. As usual, however, it was an evasive answer and in substance simply stated that the money derived from the additional taxes was only intended to imply the arming of the mustahfusse or landstrum, the third and last class of the Turkish army reserves, and to strengthen the arming of the other land forces of the sultan.

The action of the Turkish government in completing the arming of the mustahfusse indicates that the empire is facing a situation which may necessitate calling forth all the military force at its disposal and it also indicates that the situation is the gravest since the Russo-Turkish war. Under these circumstances it is but natural that uneasiness prevails.

HAS THE UPRISING BEGUN?

An Attempt Made to Assassinate Mgr. Bartolomeos.

CONSTANTINOPLE, Oct. 27.—While Mgr. Bartolomeos, the locum tenens of the Armenian patriarchate, was entering his carriage yesterday, four men made an attempt to assassinate him, but they were seized by the prelate's escort. One of the would-be assassins is said to be an Armenian, and it is explained that Mgr. Bartolomeos is unpopular with a section of the Armenians, owing, it is added, to his subservancy to the palace authorities. Mgr. Bartolomeos was formerly archbishop of Brusa and was chosen locum tenens of the Armenia patriarch when Matthe Izmirlian resigned early in August last. Bartolomeos was the Turkish government's candidate for the patriarch at the election in December, 1894; but he obtained only a few votes, on account of his Mohammedan sympathies, and when he was made locum tenens and was received in audience by the sultan, he made an address of the most servile description, which aroused the indignation of the Armenians and provoked the contempt of the Turks themselves.

SLAUGHTER AT EGIN.

Many Of the Dead Left in the Streets For Days.

BOSTON, Oct. 27.—Advices from Harpoot, eastern Turkey, received in Boston confirms dispatches to The Associated Press in regard to the extent and barbarity of the recent massacre at Egin. These advices state that many of the dead were left in the streets for days as food for dogs, and large numbers were thrown into the Euphrates.

The bodies were seen floating down the river 40 and 50 miles below the city. In some cases whole families were obliterated. Exact statistics, of course, can not be given now, but it is feared that 2,000 is an underestimate. All the testimony at hand concurs in showing that the massacre was official and that it was wholly without reason.

Two Thousand Were Slain.

CONSTANTINOPLE, Oct. 27.—Armenian reports say that 2,000 Armenians were killed at Egin, so far as known, but that no Turks were killed and that 1,000 houses were burned, leaving only 150 houses standing for the Christian population.

ENGINEER MISSING.

The Man Responsible For the St. Louis Wreck Probably Insane.

ST. LOUIS, Oct. 27.—Engineer John Dryden, who is charged with the responsibility of the collision on the 'Frisco road near this city Sunday, by which eight persons were killed and 30 or more injured, has disappeared and efforts to locate him have proved unavailing.

Dryden lived at Springfield, Mo., and his wife has come from that city to look after him. She claims her husband was sick when he left home Saturday and fears that the result of his blunder has driven him insane.

Dryden was slightly injured in the

wreck and left the scene soon afterward.

The injured, who are at the city hospital or were taken to their respective homes, are reported as improving and no further deaths are expected.

USED DYNAMITE GUNS.

General Maceo Bombards the City of Artemisa and Crosses the Trocha.

KEY WEST, Oct. 27.—Well informed passengers from Havana confirm advices received by mail that Maceo has crossed the trocha at Artemisa and joined other patriot forces in Havana province. They declare that the report circulated by Maceo of his encampment at Cacarajicara and a contemplated attack on that town was merely a feint of the patriot leader to concentrate the Spanish troops at that point.

That the ruse proved successful is proved by the fact that General Gonzales Munoz, with large forces, was sent in that direction to attack Maceo, but upon their arrival the Spaniards found nothing but a deserted camp.

Maceo's followers, under forced marches, then made a detour to the southward, and suddenly appeared at Artemisa, the central post on the line of the trocha. Giving his men temporary rest, the patriot chief sent word to the commandant that he intended to bombard the town, giving the inhabitants five hours in which to leave the city. Not heeding Maceo's threats, the Spaniards would permit no one to leave.

Maceo opened fire on the town with his artillery, and 30 shots from the patriot dynamite gun were thrown into the city. Every building is said to have been leveled, while the slaughter of noncombatants was appalling. During the carnage Maceo and his followers crossed the line of the trocha into Havana province, where they joined the forces of General Aguirre.

INDIANA OIL FIELD INACTIVE.

The Lack of Paying Territory Assigned as the Principal Reason.

PORTLAND, Ind., Oct. 27.—Although the market price of the crude product has fluctuated none in the last few weeks, there is great inactivity in the Indiana oil field, and it may be said that scarcely nothing is doing. The largest company operating in the field is said to have only three strings of tools at work, while another large corporation has not built a rig since July.

A dozen other companies are likewise situated, and a good authority gives the lack of paying territory as the principal reason. Supply companies are beginning to feel heavily the falling off in purchases, and heartily wish for a change and that quickly.

Farmer Killed.

ROCKVILLE, Ind., Oct. 27.—As he was returning from a big Republican rally here Saturday night Farmer James B. Alexander was thrown from his buggy. He was trying to pass a loaded omnibus. There was a collision and Alexander was found dead under the debris with his skull crushed. Three others were seriously hurt. Alexander leaves a widow and three young children.

Court Adjourned Until After Election.

NOBLESVILLE, Ind., Oct. 27.—The October term of the circuit court convened with the usual amount of business, and the regular jury was impaneled. The political crazy quilt of opinion from lawyers, clients and jurymen, however, covered everything, and Judge Stephenson adjourned until after the election.

Base Ball Player Shot.

EVANSVILLE, Ind., Oct. 27.—Word has just been received here that Julius Knell, center field for the Detroit base ball team, while out hunting yesterday, was accidentally shot by his brother. His face and right arm and breast were filled with shot. Julius may lose an eye. If so, his ball playing days are over.

Two Firms Fail.

HOUSTON, Tex., Oct. 27.—Two firms assigned at a late hour Saturday night. Brown Brothers, dry goods, for \$88,000, and Saper Brothers, gents' furnishings and clothing, \$20,000. Subsequent attachments were run on Brown Brothers. Creditors are chiefly in the north and east.

Died of the Shock.

LAPORTE, Ind., Oct. 27.—Joseph Miller, who resides at Riverside, severely wounded himself in the arm by an accidental shot from his gun. When he went home with his bleeding arm yesterday, his sister, who is an invalid, was so shocked that she died in a few hours.

Death From Lockjaw.

PORTLAND, Ind., Oct. 27.—Henry C. Bates, a prominent citizen, died in awful agony yesterday of lockjaw. A few weeks ago he accidentally shot himself in the foot. The wound was thought to be trivial, but he rapidly grew worse until death relieved him.

Shot His Daughter's Lover.

RICHMOND, Ky., Oct. 27.—Charley James and Jake Garrison engaged in a quarrel last night, when James shot Garrison, inflicting a wound which will result in his death. The trouble was over Garrison paying attention to James' daughter.

Woman Killed, Her Husband Injured.

TELL CITY, Ind., Oct. 27.—As John Burstee and wife of Troy were driving near here their team frightened at a train and ran away. Their buggy was hurled over the river bank and both were injured. Mrs. Burstee has since died.

EXPLOSION IN A MILL

Boiler Lets Go at the Hundred-Pound Mark.

ONE MAN WAS FATALLY INJURED

Two Others Slightly Hurt and the Mill Badly Wrecked—A Toledo Man Attempts to Kill His Wife, Her Friend and Himself—Coal Miners' Strike Ended—Other Ohio State News.

LOVELAND, O., Oct. 27.—The boiler at Mullen & Snider's planing mill blew up at 8:30 Monday morning. Robert Mullen, the senior member of the firm, was probably fatally injured. His partner, Joseph Snider, and Joe Schuyler, a workman, were slightly injured.

The machinery had been out of fix for several days and was taken apart Sunday. Monday fire was again started under the boiler and when the steam gauge reached the 100-pound mark the boiler exploded. It is believed that the gauge was not working properly and that it registered a false pressure.

Mullen was standing in front of the flywheel when the boiler let go. He was struck by several fragments of iron and knocked under the circular saw table. His head and one arm were badly cut, and it is believed that he was injured internally. A fragment of iron struck him in the abdomen.

Snider was at a circular saw, and he was knocked down. Schuyler was found under a work bench fully 50 feet from the place he was standing.

The mill machinery was badly wrecked and also much damage done to the building.

SHOT AT HUMAN TARGETS.

A Toledo Man Attempts to Kill His Wife, Her Friend and Himself.

TOLEDO, Oct. 27.—Henry Ramm attacked his wife and a party of ladies, who were going to church, with a revolver. He shot at his wife, but missing her the bullet struck Mrs. Schmidt in the arm. Mrs. Ramm fled as Mrs. Schmidt fell to the sidewalk. The mad-dened man pursued his wife two blocks, firing at her constantly. She escaped into a neighbor's house.

Ramm then returned and began another fusillade on Mrs. Schmidt, after which he turned his attention to his stepson and fired several shots at him without effect, also turning the weapon on the crowd that had collected. Ramm then walked across the street and taking off his hat, fired a bullet into his own forehead about an inch above the right eye. Ramm was taken to the police station to die, but later he got up and walked about the room and asked for a paper to read. The physicians are puzzled.

YOUNG MARRIED MEN FIGHT.

One Fatally Shot in the Stomach and the Other in the Side.

AKRON, O., Oct. 27.—Martin Artbauer was shot and fatally wounded at his home in this city last night by Matthias Remiger. Both are young married men employed by the American Cereal company. Remiger had charged Artbauer with talking of his wife and had threatened him before.

Yesterday he sent Adolph Jordan, a mutual friend, to Artbauer's house to inquire if he would be at home last night. Jordan warned Artbauer that Remiger was coming. Remiger entered the back door of Artbauer's house and fired at him. They grappled and in the scuffle Artbauer was shot in the stomach and Remiger shot himself in the arm. He went to his home and was soon afterward arrested there.

Destroyed School Property.

GALLIPOLIS, O., Oct. 27.—Howe Bratt, Irving Karr, Fred McGonagle and Cassius Cabbage have been arrested for breaking into a school building and destroying property. The arrests grew out of a prank played by high school boys, who entered a belfry and stole the bell clapper.

Ohio Coal Strike Ended.

COLUMBUS, O., Oct. 27.—The coal miners at Sunday Creek, New Pittsburgh, Straitsville, Orbiston, Jobs, Somers' mines and Murray City, met in mass convention at Murray City, O., yesterday and decided to go to work at the 45-cent scale. This ends the present Ohio coal strike.

Preparing for a Cold Winter.

PUT-IN-BAY, O., Oct. 27.—The people on the islands are buying big stocks of provisions, preparatory to a lonely winter. They may soon be cut off from the world for weeks at a time. The old inhabitants say that the winter will be severe.

FLOOD IN CHINA.

The Yank-tse-Kiang River Suddenly Rises Fifty-Three Feet.

SAN FRANCISCO, Oct. 27.—The steamer Coptic, arriving from the orient, brings the news that the Yank-tse-Kiang river rose suddenly at Ichang recently to a height of 53 feet and flooded the town.

Houses were washed away, and the people were forced to flee to high ground. The roofs of farm houses just appeared above the water. The mud in the streets was left several feet deep. The property loss was great, but as far as known no lives were lost.

FOND DU LAC, Wis., Oct. 27.—Ex-Congressman Charles A. Eldridge died yesterday after a prolonged illness. He served six terms.

COMPLIMENT TO CARLISLE.

Massmeeting of Covington Citizens Takes Action on the Recent Outrage.

COVINGTON, Ky., Oct. 27.—Oddfellows' hall was crowded last night exclusively by men without distinction of party to express indignation at the insult offered Secretary Carlisle in the same hall last Thursday night. The chairman was Hon. Harvey Meyers, one of the electors on the Democratic W. J. Bryan ticket for Kentucky. In his speech on taking the chair Mr. Myers said that Secretary John G. Carlisle, of all men, can afford to let that outrage go unnoticed. The city of Covington, of all cities, could not let it pass without a thunder of disapproval that would make any future attempt to suppress free speech impossible in the city of Covington. He continued:

"Some say that Secretary Carlisle should not have attempted to return to Covington to speak, knowing as he did the state of feeling against his present policy, but God forbid that the day shall ever come in this country when any man may not be free to address the public on any subject. The bill of rights of the state of Kentucky guarantees freedom of speech. In this country where popular will governs a blow at freedom of discussion of questions submitted to the popular will for discussion is a fatal blow at the very foundation of popular government. No such thing must be tolerated." (Uproarious applause.)

Mr. C. B. Simrall, presented a series of resolutions. In doing so he said that, owing to the promises from the mayor and police, that the offenders shall be ferreted out and prosecuted. The resolutions omitted a condemnation of officials, as first intended.

The resolutions, which were unanimously adopted, condemn the outrage to Mr. Carlisle in unmeasured terms, disclaim the responsibility of Covington for that conduct and call upon upon the city government to detect and punish the perpetrators. There was not a single no against the resolutions.

FARMERS' NATIONAL CONGRESS.

Call Issued For the Annual Meeting in Indianapolis, November 10 to 13.

CHICAGO, Oct. 27.—The call for the next annual meeting of the Farmers' national congress was issued yesterday by President B. F. Clayton of Indianapolis, Ind., and Secretary John M. Stahl of Chicago. The meeting will be held at Indianapolis, Ind., Nov. 10 to 13.

The regular delegates from each state are one from each congressional district and two at large, appointed by the governor of the state. Heads of all agricultural colleges and state agricultural boards are members by virtue of their offices.

For the Indianapolis meeting the governors of Indiana, Illinois, Ohio and Michigan have appointed several hundred associate delegates, having all the privileges of the congress, except voting.

The coming meeting promises to be the largest gathering of representative agriculturists ever convened in the United States, if not in the world.

The Farmers' congress is not a secret order, and is non-political.

All railways have made a rate of one and one-third fares for the round trip.

IMPLICATE EACH OTHER.

Another Startling Confession About the Murder of Mrs. Hobbs.

SANFORD, Me., Oct. 27.—Following close upon the confession of Savage, held as a witness to the murder of Mrs. Betsy R. Hobbs, at Parsonfield, on the morning of Oct. 5, Frank J. Palmer, whom the coroner's jury has found to be the murderer, has made a confession.

In it he corroborates the confession of Savage, but says after telling how they had planned to get some money belonging to the old lady if possible by getting her out of the way; that when Savage raised his gun to shoot Mrs. Hobbs his courage gave out. Savage handed the gun to Palmer, who took aim and shot the old lady in the back. He says further that Savage assisted him in setting fire to the house. Palmer says he will not be 17 years of age until February 4, 1897.

NOW LOOK FOR TROUBLE.

Toll Gates Replaced On Kentucky Pikes and An Armed Force On Guard.

FRANKFORT, Ky., Oct. 27.—Free turnpike raiders kept up their depredations Sunday night. The tollgate kept by Mrs. Quire a mile and a half from this city was visited and the pole cut down. Mrs. Quire said that two masked men did the work.

The gates which were destroyed Saturday night were replaced on all of the roads yesterday and toll is being collected as usual. This is expected to incite the raiders to new depredations and an outbreak may occur any night.

The turnpike people are preparing to defend their property and will keep an armed force on guard at many of the gates.

HIGHWAYMAN KILLED.

Another One Captured by the Man They Attempted to Hold Up.

BIRMINGHAM, Ala., Oct. 27.—While Henry Dale, a farmer, was returning home from church near Smith's Mines Sunday night, two highwaymen sprang from the bushes beside the road and ordered him to hold up his hands and deliver his money.

In a flash he drew his pistol and began firing. One of the highwaymen was killed and the other so badly frightened that he surrendered to Dale, who turned him over to the authorities. The dead man proved to be Ben Norfleet and his pal was John Mitchell, both negroes. The coroner's jury justified the killing. Dale was not even arrested.

BIG FIRE IN CHICAGO

A Million Dollars' Worth of Property Destroyed.

THREE FIREMEN WERE INJURED.

Eighteen Others Have a Narrow Escape From Death, Being Hemmed in Entirely by the Flames—Two Huge Grain Elevators and Contents Furnished the Food For the Fire Fiend.

CHICAGO, Oct. 27.—The two huge grain elevators belonging to the Chicago and Pacific Elevator company were destroyed by fire yesterday afternoon, together with their contents. A number of smaller buildings were burned as well and the total loss will be \$1,000,000; the insurance will cover three-quarters of the amount.

It was a dangerous locality for a fire. Directly to the north is the Armour elevator, the largest in the world, stocked up to the roof with grain. To the northeast is the immense malting house of Hale & Curtis, while close at hand lie the docks of the Crescent company with thousands of tons of bituminous coal. The numerous lumber yards in the vicinity added to the danger. Thousands of people gathered to witness the spectacle afforded by over a million bushels of grain ablaze. At one stage they saw a cataract of burning wheat falling from a hundred feet in the air.

The blaze started about noon and by 1 o'clock the fire had assumed such dangerous proportions that a general alarm was turned in. It had by this time spread to several small frame buildings used as weighing offices, and these were soon destroyed. The heat from the burning elevators was terrific and finally compelled the abandonment of four lines of hose which had been run into the boiler room of Elevator A.

Five firemen of Company 33 nearly lost their lives while fighting the flames from the roof of the office, a small brick building in close proximity to one of the elevators. Notwithstanding the fact that the roof had caught fire and was burning beneath them, they stuck to their post, till suddenly the roof fell from beneath them. Five of the men were close enough to the edge of the wall to grab it, and were left hanging there as the roof fell in. The other three went down, but held onto the hose and were with great difficulty rescued.

Before elevator "B" was in flames Captain Quirk of Engine Company 14 with 12 men was ordered into the buildings with leads of hose to play upon the elevator. When the flames caught elevator B the firemen were caught upon the top floor and could not escape. Their cries attracted the attention of Fire Chief Swenie, who ordered Lieutenant Wendt of Truck Company No. 10 to climb the fire escape and cut a hole through the roof in order that the men might come out that way. Wendt managed to do the work, after a hard struggle with the smoke and fire, and one by one the 13 men clambered up to the roof and made their way down the fire escape. Quirk was the last man down, and when he left the roof it was ablaze in many places.

John Morton, a pipeman, was badly cut while forcing an entrance into one of the buildings; Peter Rowe was injured in a like manner, and Captain Michael Sullivan of Engine Company 44 was badly hurt by flying pieces of sheet iron, which fell from the roofs of the burning elevators.

The origin of the fire is a mystery.

TYNAN IN NEW YORK.

He Hesitates to Talk For Publication Even in This Country.

NEW YORK, Oct. 27.—P. J. Tynan, the alleged "No. 1" of the Phoenix park murderers, was a passenger on the North German Lloyd steamer Saale, which arrived yesterday from Bremen. Mr. Tynan was seen at quarantine. He said that he naturally hesitated to talk for publication even in this country, as it was possible any utterance by him might compromise others and perhaps those who had been kind to him.

He refused to discuss the purpose of his visit to Europe, but he emphatically stated that his mission was entirely successful. He ridiculed the reported cleverness of the Scotland Yard detectives and said he had been under their noses a number of times without being suspected. He had also visited Gibraltar. He said it was owing to some carelessness while in a certain city that the detectives began to suspect him. He refused to say what city he referred to.

His treatment in the French prison was exactly the same as that accorded other prisoners, but he had the privilege of sending to the canteen for his meals. The sub-prefect and all the attaches were very much interested in him, and warmly espoused his cause. After his release he went to Paris for a short stay to recuperate. He will go at once to his home in Audubon Park to see his wife and eight children. He was expecting his friends to make something of a demonstration on his arrival.

The Other Half Burned.

DALLAS, Oct. 27.—News has just reached here that the balance of the business portion of Ladonia, Tex., 90 miles north of Dallas, was destroyed by fire early yesterday morning. One half of the business district was burned 10 days ago.

Cut Off His Thumb.

POINT PLEASANT, W. Va., Oct. 27.—Marshal Fogleson, who had arrested Ad Hoskins, was putting the prisoner into his cell when he shut the door on his thumb, cutting it off.

A REPUBLICAN SCHEME.

Several months since, the Republican managers became convinced that, unless they could disprove the "deadly parallel" between falling silver and falling wheat it would result in the election of Mr. Bryan.

A scheme to boom the price of wheat and depress the price of silver was therefore concocted.

Chicago, New York and London started literary bureaus and made the world believe that there was a shortage in wheat. San Francisco was asked to ship a few hundred thousand bushels to India, and at a prearranged time, a few men bought largely of wheat in every large city in this country, and Liverpool and London did their share.

Wheat rapidly advanced 25 cents per bushel, and the small country speculator became a buyer and at the top of the "boom" the men in the "deal" unloaded their purchases upon the small speculators, and last week wheat fell 10 cents per bushel in price.

What it will do this week depends upon the big dealers; if they think the "country buyer" is still crazy, wheat will advance, and a few days before or just after the day of the election, wheat will probably take a tumble.

On December 1st, don't be surprised if wheat is as low as it was in July, unless Bryan is elected. In the latter event it is likely wheat will sell for \$1 per bushel by January 1st.

This same gang depressed the price of silver a few points by claiming that the "single gold standard" would be permanently adopted in the United States, and that silver would no longer have any money function here.

The Republicans are now crowing over the rise in wheat, and think the people have been gulled, but let them wait until November 3rd, and they will learn that the campaign of education has brought forth good fruit, and that Bryan has garnered the harvest.

JOHN G. CARLISLE.

In 1878, when discussing the coinage of silver, the Mr. Carlisle whom Kentuckians delighted to honor said:

This contest must not cease and will not cease until the industrial classes are fully and finally emancipated from the heartless domination of syndicates, stock exchanges and combinations of money grabbers in this country and in Europe.

We will pass measure after measure of relief, and if the President vetoes these measures, and we can not pass it over his head, we will put them in the appropriation bill, with the distinct understanding that if the people can get no relief the government can get no money.

"What has he to-day to say of 'syndicates, stock exchanges and combinations of money grabbers?'" inquires the Cynthia Democrat. "If they were strong enough in 1878 to warrant a resort to the revolutionary measure of blocking the wheels of government by refusing appropriations until relief was obtained, what can be said of them in 1896 when they force the government to issue two hundred and twenty-five million dollars worth of bonds in a time of profound peace, and a syndicate makes a clear profit of sixteen millions dollars on one issue? What about 'money grabbers' now?"

THE Cynthia Democrat: "Colonel LaRue Thomas marches steadily on to assured victory." Right you are, Bre'r Allen. He has made a great fight, and ought to win, and will win.

Another Free Silver Republican.

Cynthia Democrat: "At Sunrise, Thursday night, Hon. J. W. Mattox, who was last year's Republican candidate for the Legislature from this county, made a strong speech in favor of the free and unlimited coinage of silver at a ratio of 16 to 1, and declared, flatfootedly, that this country was big enough and strong enough to take care of its own affairs without the intervention of Europe. The speech made a deep impression and will cost the Republicans a hundred votes in the county."

"ALL ROT"

This Talk of Cheap Dollars, Says a Millionaire—Gold the Dishonest Money.

KANSAS CITY, Mo., October 20.—B. S. Coler, of Kansas City, Kan., has received a letter from his brother, Colonel W. N. Coler, founder and President of the New York banking house of W. N. Coler & Co., 34 Nassau street, and well known in Kansas City through his heavy local investments, in which Colonel Coler comes out squarely for Bryan and free coinage at the ratio of 16 to 1. Colonel Coler is now traveling in Europe with his family, and the letter was written from Paris under date of October 5. Colonel Coler is a veteran of the Mexican war and served during the rebellion as Colonel of the Twenty-fifth Illinois. He has been a heavy investor in Western securities, and, in 1886, 1887 and 1888, bought \$13,000,000 worth of Kansas and Nebraska bonds. Until recently he was owner of the West Side Street Railway in Kansas City, Kan. In the course of the letter to his brother Colonel Coler says:

"Of course, it is to my personal interest to have monometallism—gold as the only money—but I am convinced that we should have bimetalism, 16 to 1, as advocated by the Democratic party, and that free coinage of silver and gold at that ratio is the honest money that is best for the whole country and far the best for the great majority of the people. Demonetizing silver makes money scarcer and harder to get, and increases the purchasing power of gold in the same ratio that silver declines. * * * There is not a shadow of doubt but what both silver and gold should be used for money, on the basis of about 16 to 1.

"The talk about a fifty-cent dollar is all rot, for \$1 would be just as good as another under free coinage, and would go just as far in buying and in debt paying.

"If I were at home I should vote against my private interests and support Bryan because he is in the right. The policy of bimetalism is the best for the country, and affords the honest money of this day. Gold is the dishonest money of this time. It is made so by its greater value. Its greater value is due to the capitalists' doing away with the use of silver as money, thus making dollars scarcer and harder to get."

SPEAKING TO-NIGHT.

Hons. J. Lewis Bumgardner and Walter S. Roberts Will be Heard at the Court House—Other Meetings.

Hon. J. Lewis Bumgardner, of Staunton, Va., and Hon. Walter S. Roberts will speak at the court house to-night at 7:30 o'clock, and the people of Maysville and surrounding country are cordially invited to hear them. Seats will be reserved for the ladies. All Democrats are urged to turn out. Messrs. Roberts and Bumgardner are enthusiastic advocates of free coinage, and both come highly recommended as earnest and eloquent speakers. Let the court house be crowded on this occasion.

MR. THOMAS' APPOINTMENTS.

Mr. W. LaRue Thomas, Democratic nominee for Congress, and others will speak at the following places on the dates named:

Dover, Tuesday night, October 27th, at 7.
Germantown, Wednesday afternoon, October 28th, at 2 o'clock.
Sardis, Wednesday night, October 28th, at 7.
Murphysville, Thursday afternoon, October 29th, at 2 o'clock.
Mayslick, Thursday night, October 29th, at 7.
Plumville, Friday afternoon, October 30th, at 2 o'clock.
Orangeburg, Friday night, October 30th, at 7.
Hon. W. A. Byron, of Brooksville, and Mr. J. N. Kehoe, of this city, will be present with Mr. Thomas at Murphysville meeting and will speak. Mr. Byron will also accompany Mr. Thomas at the Sardis and Mayslick meetings, and will deliver addresses. All are invited to hear them.

Mr. W. P. Hawes will address the Democracy of Minerva next Saturday evening at that place.

Something to Know.

It may be worth something to know that the very best medicine for restoring the tired-out nervous system to a healthy vigor is Electric Bitters. This medicine is purely vegetable, acts by giving tone to the nerve centers in the stomach, gently stimulates the liver and kidneys and aids these organs in throwing off impurities in the blood. Electric Bitters improves the appetite, aids digestion, and is pronounced by those who have tried it as the very best blood purifier and nerve tonic. Try it. Sold for 50c. or \$1 per bottle at J. J. Wood's drug store.

Gloom

Of ill health, despondency and despair, gives way to the sunshine of hope, happiness and health, upon taking Hood's Sarsaparilla, because it gives renewed life and vitality to the blood, and through that imparts nerve strength and energy to the whole body. Read this letter:

"Hood's Sarsaparilla helped me change sickness to health, gloom to sunshine. No pen can describe what I suffered so I did not care to live, yet I had much to live for. There is no pleasure in life if deprived of health, for life becomes a burden. Hood's Sarsaparilla does far more than advertised. After taking one bottle, it is sufficient to recommend itself." Mrs. J. E. SMITH, Beloit, Iowa.

BRYAN'S ELECTION.

Its Effect on Business, According to Ex-Congressman Richard P. Bland, of Missouri.

LEBANON, Mo., October 1.—The immediate effect of the election of Mr. Bryan and a free coinage Congress would be the revival of business activity and prosperity, for the reason that we admit that there would be a rise in prices consequent on the free coinage of silver. People having money and capital would not wait for a bill to pass, until more money was put in circulation, but would immediately begin to put their money to use in the purchase of property, and invest in all kinds of productive enterprises, this to discount and anticipate the rise in prices. They would not wait until the rise actually commenced or took place, but would immediately invest so as to take advantage of the rising market.

This feeling of confidence would cause money to come out of hoarding places to be invested in property and business pursuits. The known and admitted fact that with the free coinage of silver prices would ultimately rise would cause an immediate investment of money so as to take advantage of the rise.

Should McKinley be elected he will have a Senate opposed to him and his policies. He could not turn a wheel; he could do nothing excepting to sit helplessly in the White House, like Cleveland has done and issue bonds from time to time to get gold to maintain the single standard promised in the St. Louis platform. This would be all he could do for the next four years. The election of McKinley would mean no change from present conditions. The election of Bryan all admit would effect a radical change from the plutocratic rule of the last quarter of a century.

MILLCREEK.

Corn gathering is the order of day now. The health of the community is very good. Millcreek will do its best towards getting this country out of its financial excavation. Millcreek Church is prospering under the labors of its young pastor, Elder Schoonover.

The hog crop is short; much shorter than it ought to be. Too much tobacco and too little stock, for the times.

Our neighborhood is remarkably quiet, politically; not enough Republicans here to stir up an argument. We all have our eye on the rooster.

Let us hope that we will soon be back into the old well beaten track. Into the path our father's trod. When we get more for hopping the clod.

Let us hope that silver and gold in sums untold, May soon come forth from Uncle Sam's fold. And Oh may we soon spread out the way. For without we cannot long here stay.

'Tis no mistake, Bryan is the man, Next Tuesday is the day, Therefore from the polls let No Democrat stay.

Good News From Indiana.

We don't advise any one to bet on an election, or on anything else. The following is published simply to show how some Indianaians regard things politically in that State:

WASHINGTON, IND., Oct. 23, 1896.

WHICH WAS RIGHT?

Extracts From Speeches by Bryan and Sherman in 1893.

The Former Spoke as One Gifted With Prophecy—Let Voters Read.

Will a repeal of the Sherman law cure these evils? Can you cure hunger by a famine? * * * To my mind, Mr. Speaker, the remedy proposed seems not only dangerous and absurd, but entirely inadequate. * * * What provision shall be made for the future? Upon that question our opponents are silent. * * * But, sir, more serious than any other objection which can be made to the unconditional repeal of the Sherman law is the incontrovertible fact that a suspension of silver would tend to lower the price of silver bullion and thus make the restoration of bimetalism more difficult. * * * The first question for us to decide then is, are we in favor of bimetalism or a universal gold standard? * * * The President has recommended unconditional repeal. * * * Whence comes the demand? Not from the workshop and the farm, not from the workmen of this country, who create its wealth in time of peace and defend its flag in time of war, but from the middle-men, from what are termed the "business interests," and largely from the class which can force Congress to let it issue money at a pecuniary profit to itself if silver is abandoned. * * * This question cannot be settled by type-written recommendations and suggestions made by boards of trade and sent broadcast over the United States. It can only be settled by the great mass of voters of this country who stand like the rock of Gibraltar for the use of both gold and silver. * * * Work-worn and dust-begrimed they make their appeal. They hear of average wealth increased on every hand and feel the inequality of its distribution. They see an over-production of everything desired because of under-production, and the inability to buy. * * * This army, vast and daily vaster growing, begs the party to be its champion in the present conflict. It cannot press its claims mid shouts of revelry. Its phalanxes do not form in grand parade nor has it gaudy banners floating on the breeze. Its battle hymn is "Home Sweet Home," its war cry, "Equality before the law."—William J. Bryan in Congress August 16, 1893, special session, extracts from pages 408 to 411.

Now read the prophecy of John Sherman in the Senate October 17, 1893, during the discussion of the same bill, then pending in the Senate, and just one month after Mr. Bryan's speech:

If we would try it to-morrow after all the long debate that has been had and dispose of this question as we think best for the people of the United States, while you are assuming your responsibility we would gladden the hearts of millions of laboring men who are now being turned out of employment. We would relieve the farmer and his product for free transportation to foreign countries, now clogged for the want of money. In the present condition of affairs there is no money to buy cotton and corn and wheat for foreign consumption. Break down the barrier now maintained by the Senate of the United States, check this viper called obstruction to the will of the majority, give the Senate free power and play, and in ten days from this time the skies will brighten, business will resume its ordinary course and the clouds that lower upon our house will be in the deep bosom of the ocean buried.—John Sherman in the Senate, October 17, 1893, page 2597 of Congressional Record.

Here you have the words of prophecy from Senator Sherman, who has been in public life forty years and has made the financial question his chief study. Here he stood advocating the repeal of the bill bearing his own name as remedial legislation for financial congestion. No sooner was this law repealed than the gold reserve was issued and there have been three bond issues since, aggregating \$262,000,000. Has the skies brightened? Has business resumed its ordinary course? Aren't farm products lower than ever?

William J. Bryan opposed the repeal of the Sherman law. Has history proven he spoke as one gifted with prophecy?

Read the two predictions and judge which is right—Sherman, the financial seer of forty years, or Bryan, the man of the people, who has heard the people's cry of distress?

THE Y. M. C. A.

Work On the New Quarters Now in Progress—Sunday's Services—New Committees—An Attractive Resort.

Yesterday morning the carpenters began the work of alteration in the Zweigart block, corner Second and Sutton streets, which is soon to be occupied by the local Young Men's Christian Association. The work will be hurried as much as possible, and in the meantime the Furnishing Committee will decide on a list of necessary furnishings, and order the same, so that there will be the least possible delay in getting the new quarters in readiness for occupancy by the association.

Mr. H. E. Rosevear, the genial State officer of the Y. M. C. A. associations, is spending a few hours to-day in the city, consulting with officers and other directors of the local association regarding the new quarters.

Another committee has been appointed by the President, Mr. W. H. Cox, to look after the religious services conducted by the Association, as follows: I. M. Lane, W. T. Berry, J. B. Orr, J. C. Pecor, H. C. Curran, A. D. Cole. These gentlemen will meet to-night at half-past seven o'clock to organize and plan for their department of the work. This will make in all five regular board and association committees that have thus far been appointed and organized, namely, Executive, Finance, Educational, Membership and Religious Work, and others, such as the Social, Physical Department, Boys' Work, etc., will be made up soon, so that every feature of the local association work may be under way shortly after the new rooms are occupied.

Although the weather was exceedingly pleasant and such as to tempt many young men to remain out of doors, yet there was an attendance of sixty-seven at the men's rally last Sunday. A violin duet by Miss Margaret D. Watson (violin) and Mr. R. L. Hoeflich (pianist) was appreciated by the audience. The leader, Prof. W. T. Berry, took for his subject the twenty-third Psalm, and after he had spoken helpfully, called on others for brief remarks. These talks and the singing were also enjoyed by all. Next Sunday the General Secretary of the Frankfort Y. M. C. A., Mr. B. B. Wilcox, will give the address, and special music will again be provided.

There was an unusually large number of young men using the limited privileges of the association in the temporary quarters last evening, between fifty and sixty being in attendance during the evening and a total of seventy visits were recorded for the entire day. This association room is becoming increasingly popular as a rendezvous for the young men of the city, and it is easy for any careful observer to see that when a full equipment is provided in the new quarters, the association will prove a strong attraction and a helpful resort for our young men.

Virginia Sure For Bryan.

Mr. S. N. Meyer is in receipt of a letter from a friend of his who is at the head of the electric railway at Richmond, Va., and who is one of that city's wealthy and influential citizens. The letter states that Virginia is sure to go for Bryan, and the writer then adds: "I am still a Democrat, and while I do not like a bad currency, I shall vote the straight ticket, as I am convinced that the safety of our Republic lies in defeating the aggregation of trusts and wealth."

THE CAMPAIGN.

Big Crowd at Flemingsburg—Enthusiastic Meeting, at Helena and Other Points.

Monday was court day at Flemingsburg and the announcement of speaking by both political parties brought out a big crowd. Captain A. J. Lowry, of Chicago, addressed the Republicans in the court house, while Mr. W. LaRue Thomas and Col. C. J. Bronston spoke for the Democrats from a stand near the hotel. Our information is that the Democrats had by far the larger crowd. While Col. Bronston was speaking, the colored Republican band came marching down from the court house, followed by Judge Pugh and W. G. Dearing, and stopping near the Democratic stand raised such a racket that the speaker could not be heard. The crowd soon disposed of the band and Messrs. Pugh and Dearing. The Democrats made a rush for the band wagon and had the musicians not moved on there would have been serious trouble.

The meeting at Helena last night was the largest and most enthusiastic of the campaign at that point. Messrs. W. LaRue Thomas and Thomas Slattery were the speakers. Count on a good report from Helena November 3rd.

Messrs. L. W. Galbraith, Geo. W. Sulser and C. D. Newell addressed a full house of Bryan and free silver voters at Dieterich's Park last night. Great enthusiasm prevailed. This was the first meeting at that point, and was a pronounced success.

The Republicans had a speaker at Carlisle Monday. The Democrats asked for a division of time for Hon. Walter S. Roberts, of Knoxville, but the Republicans wouldn't grant it. Mr. Roberts will speak here to-night.

Charles Roberts.

Mr. Charles Roberts, formerly a resident of this city, died Sunday at the Soldiers Home, Dayton, O. He was a Lieutenant in the Fortieth Kentucky during the war, and leaves a number of relatives in this city. He was a son of the late D. E. Roberts. The remains were brought here last night, and the funeral occurred this morning at 10 o'clock at the residence of Mrs. McDaniel, of Sutton street.

C. J. CONLON has resigned as overseer of the Blue Run road.

The Discovery Saved His Life.

Mr. G. Caillouette, druggist, Beaverville, Ill., says: "To Dr. King's New Discovery I owe my life. Was taken with La Grippe and tried all the physicians for miles about, but of no avail and was given up and told I could not live. Having Dr. King's New Discovery in my store I sent for a bottle and began its use and from the first dose began to get better, and after using three bottles was up and about again. It is worth its weight in gold. We won't keep store or house without it." Get a free trial at J. James Wood's drug store.

"Everybody Likes It."

Battle-Ax PLUG

Everybody likes "Battle-Ax" because of its exceedingly fine quality.

Because of the economy there is in buying it.

Because of its low price. It's the kind the rich men chew because of its high grade, and the kind the poor men can afford to chew because of its great size.

A 5-cent piece of "Battle-Ax" is almost twice the size of the 10-cent piece of other high grade brands.

MORE HONORS FOR LI.

Our Recent Chinese Visitor Made Minister of Foreign Affairs.

LONDON, Oct. 27.—Telegrams received here from Peking announce the appointment of Li Hung Chang as Chinese minister of foreign affairs.

The announcement is somewhat surprising, and has caused a great deal of comment here.

The St. James' Gazette says that Li Hung Chang upon leaving Southampton at the termination of his recent visit to England, told the reporters who were among those assembled to see him off that his ability to carry out the reforms which he desired to have established in China depended upon his return to power after he got home. The success of his mission to Europe is consequently gauged by his appointment to the foreign ministry.

Fatal Accident at a Mine.

SHAMOKIN, Pa., Oct. 27.—By the running away of a mine car on the Mid-valley Colliery railroad yesterday, Peter Gulick, a miner, was killed, his brains being dashed out against a telegraph pole, and John H. Rubiot, Andrew Gerber, James Trewitt and Michael Dutchke, laborers, sustained injuries that may prove fatal. The runaway car crashed into several loaded ones standing at the foot of the steep incline.

Tried and Sentenced by Telephone.

NEW YORK, Oct. 27.—Trial and sentence by telephone is the latest. Hugh Gallagher of Mont Clair, N. J., was charged with violating a town ordinance by obstructing the sidewalk. When the hour for trial came, Gallagher was very busy, so he called up the court by telephone, with: "Hello, judge. I plead guilty." "All right; \$10 fine," was the reply. Gallagher sent the money by a boy.

ANOTHER TOWN HELD UP.

The Sac and Fox Indian Agency Visited By Four Masked Robbers.

GUTHRIE, O. T., Oct. 27.—The Sac and Fox Indian agency, 60 miles southeast of here, was held up and looted yesterday afternoon by the same gang of bandits that looted the town of Carney last week. Sac and Fox is only 86 miles from Carney.

There were four masked robbers mounted and armed. They first rode to the office of Agent Thomas, presumably to demand the money to be paid as annuity to Sac and Fox Indians next week. Agent Thomas had \$46,000 in greenbacks ready to pay the Indians. Thomas was not in his office.

The robbers then went to the store of Mrs. Fannie Whistler, covered the inmates, and took \$486 and papers from the safe. They then held up J. W. Moffitt's place and got \$59 and a gold watch. Chief Keokuk's place was robbed of \$80 and \$3,000 worth of notes.

The boldness of the robbers frightened the traders and people so badly that they were unable to resist.

After robbing Keokuk's place the bandits rushed through the grounds of the government Indian school firing their guns. Two of the robbers were recognized as being in the Carney hold-up.

NITROGLYCERIN EXPLOSION.

Two Men Killed and Several Others Badly Injured by It.

PITTSBURG, Oct. 27.—Two men were killed and five persons injured, three seriously, by an explosion of 1,800 pounds of nitroglycerin yesterday, at the Acme Dynamite company's works, near Hulton, Pa. The dead are:

James La Bree, chief molder.

Joseph Kusie, engineer.

The injured were: James Singholder, Robert Singholder, Emma Johnson and two unknown boys.

The injured were all employees engaged at work in another department 300 feet away from the scene of the explosion, which was in the mixing department. The cause of the explosion is not known, but it is supposed that La Bree and Kusie were thawing glycerine.

The building was completely demolished, and the bodies of the two men mangled beyond recognition. The loss was about \$5,000. Windows were shattered and houses were shaken for a distance of more than a mile.

CUT THROUGH THE WALL.

Three Prisoners Make a Successful Break For Liberty.

LANCASTER, Pa., Oct. 27.—A bold escape took place Sunday night from the Lancaster county prison, John Mahoney, Edward Jones and Samuel Smith, who were awaiting trial for robbery, gaining their liberty.

The prisoners, with the aid of rough tools made from their bedsteads, cut a hole in the wall of their cell and scaled the outer wall with a rope made from their bed clothing. The escape was not discovered until yesterday morning, and as the men were in citizens' clothes and had a good start there is little prospect that they will be recaptured.

REVOLT IN CHINA.

Ten Thousand Rebels Are Looting the Province of Swatow.

SAN FRANCISCO, Oct. 27.—Advices from Hong-Kong state that a serious revolt is in progress at Swatow, China. Over 1,000 troops have been sent to the scene.

The entire district around Swatow is greatly disturbed owing to a rising among the Hakkas. Over 10,000 rebels are looting and devastating the province.

The mandarin of the district is reported to have decamped, and the district is in the hands of the rebels.

Once Popular Lawyer Dead.

NEW YORK, Oct. 27.—Henry H. Morange, formerly a popular lawyer of this city, died in Mount Sinai hospital yesterday. For eight years he led the life of a recluse at Asbury Park. Mr. Morange was a member of the Seventh regiment, and was thought to be a wealthy man.

Youth Sentenced To Hang.

NEW YORK, Oct. 27.—Elmer Clawson, the 18-year-old youth who was convicted of murdering Henry Hodgetts, a farmer of Pluckemin, was arraigned at Somerville, N. J., yesterday afternoon, and sentenced by Judge Magie to be hanged on December 16 at the Somerset county jail.

How It Goes at Guayaquil.

NEW YORK, Oct. 27.—The Herald's correspondent at Guayaquil, Ecuador, telegraphs that the national convention has ordered that all property confiscated during the revolution be restored. All the banks and the principal business houses of the city have resumed operations.

Death From La Grippe.

ST. LOUIS, Oct. 27.—Hon. Charles Speck, collector of internal revenue from this district, died yesterday of la grippe, aged 69 years. Mr. Speck was a director of the Anzeiger Publishing association and was formerly presiding judge of the county court.

Stabbing Over a Political Quarrel.

BRAZIL, Ind., Oct. 27.—At Carbon, a mining town north of here, John Hays was fatally stabbed by an unknown Italian in a political quarrel. The murderer, who thrust a stiletto to the hilt into Hays' body repeatedly, has not been captured.

Woman Killed By a Sheep.

MADISON, Ind., Oct. 27.—While she was salting sheep on her farm below here Mrs. Elizabeth McNeely was attacked by a ram and injured to such an extent that she died a few hours afterward.

Hog Cholera.

ELKHART, Ind., Oct. 27.—Cholera is playing havoc with the hogs in this vicinity. Charles Fisher reports the loss of 16 by the disease and many others report their stock afflicted.

Gladness Comes

With a better understanding of the transient nature of the many physical ills which vanish before proper efforts—gentle efforts—pleasant efforts—rightly directed. There is comfort in the knowledge that so many forms of sickness are not due to any actual disease, but simply to a constipated condition of the system, which the pleasant family laxative, Syrup of Figs, promptly removes. That is why it is the only remedy with millions of families, and is everywhere esteemed so highly by all who value good health. Its beneficial effects are due to the fact, that it is the one remedy which promotes internal cleanliness, without debilitating the organs on which it acts. It is therefore all important, in order to get its beneficial effects, to note when you purchase, that you have the genuine article, which is manufactured by the California Fig Syrup Co. only, and sold by all reputable druggists.

If in the enjoyment of good health, and the system is regular, then laxatives or other remedies are not needed. If afflicted with any actual disease, one may be commended to the most skillful physicians, but if in need of a laxative, then one should have the best, and with the well-informed everywhere, Syrup of Figs stands highest and is most largely used and gives most general satisfaction.
